

RYAN HARRIS

16676 County Road R | La Jara CO, 81140 | 719-580-6995 | Ryanharris18@gmail.com

Profile

Soon to be graduate with a Bachelor of Science in Computer Information Technology. Held positions as a teaching assistant in database programming, networking, and robotics. Ensured that all students were individually known and had access to all possible resources.

Education

Brigham Young University-Idaho, Rexburg, Idaho
B.S., Computer Information Technology

Dec 2020

Work Experience

BYU-I - Rexburg, Idaho

Private four-year university

Database Programming - Teaching Assistant

Jan 2020

I conduct open labs teaching PLSQL programming principles. I evaluate and debug hundreds of errors weekly. I work with 30 individuals to aid in their development.

Network Design - Teaching Assistant

May - Aug 2019

Held midterm and final reviews. Optimized tasks and updated course evaluations. Graded assignments and provided specific feedback on 100% o.

Intro to Robotics - Teaching Assistant

May - Aug 2019

Built and organized competitions for students to demonstrate their labs. Taught basics of RobotC to 40 students.

The Blindman - Lindon, Utah

Window blind manufacturing company

Summers 2014-2016, 2018-2019

Lead Product Organizer

Restructured the positioning of all products significantly increasing productivity. Trained new employees and created thousands of dollars of revenue.

Web Design & Development

Front-End Development

Using HTML5, CSS, and JavaScript I have created appealing and engaging sites. Experienced in developing sites by using JSON and APIs. Proficient in using Photoshop, Illustrator, and In-Design.

Back-End Development

Developed databases in Oracle and MySQL. Familiar with programming languages such as C#, PLSQL, PowerShell, and Java.

Projects

B&M Storage Website

For a small company in Utah, I am currently the full stack developer and project the manager over the website.

Resume & Portfolio Website

I am constantly compiling the highlights of my coursework and project. My web-design and development page is available at ryanharris18.github.io/webFrontEnd.html.
