When did you participate?

You should be actively engaged in the VoiceThread group and you are required to participate over at least three days. Briefly describe how you participated on each day listed below. This could be as simple as, "I provided critique for three of my peers. I also responded to two questions about my draft." If you didn't participate on one of the days simply put, "Did not participate."

Day 1) I commented on Ashton's, Alexis's, and Valarie's designs. I also look at every icon set provided by the class to help me see what I could see as good principles and ideas for my critiques. For Ashton I also created a video to quickly show how to reflect an object in illustrator.

Day 2) I commented on Silas's designs of how he could improve. They were just small things to help unify his designs. I did not have any comments to respond to that day.

Day 3) I responded to Natalie's comment on my post an also updated the thread on how I was told to change my designs. I reposted an update of my icons from the comments I had received.

How did it help?

Explain what feedback you got from your peers. Also explain what you changed about your project after getting feedback from peers or others.

The guidance I received from the peers was to get rid of the storage unit container and so I will not include that in my final design. I also got a comment on changing the gold keys teeth be cleaner and straighten one edge that I had not noticed was off. I also was told by Sister Groll to change the strokes to a darker tone or get rid of them. She also said to change the keyhole to be more simplistic. She also commented that the storage unit should be taken out.
